All of our plans guarantee the minimum number of times your banners will be displayed each month. In fact we often exceed the totals through our Bonus Programs.

Other services give you no guarantee of the number of banners that will be displayed for a lot of their ads. These other companies state the total banners displayed and you receive a share, of the total banners, based on the number of advertisers. If, for example they have ten advertisers the you receive 10% of their total page views.

Our websites generate approximately 3,000,000 page views per month and our average visitors total over 250,000 visitors per month from our barbecue websites.

***All advertising rates are the same for the traditional banner ads and for the new text banner ads. You can set up your advertising to run either text or traditional banner ads. You also can set up plans to mix or match between traditional and text banner ads. All plans are subject to availability of advertising space. During some months we may be sold out of advertising space on traditional and or text banners.

As of 8/19/09 All advertisers must agree to and sign our Advertiser Code of Conduct.

We can use banners that you send to us and there is no other additional charges for inserting the banners you create and send to us.

There is a one time charge of \$25 to set up your account with BBQads.com

All rates are subject to change without notice. To submit your order please submit a request for additional information.

We will then call you. If one of these pre-packaged advertising campaigns does not meet your needs then we can customize a package to fit your needs.
